ORIENTATIONS

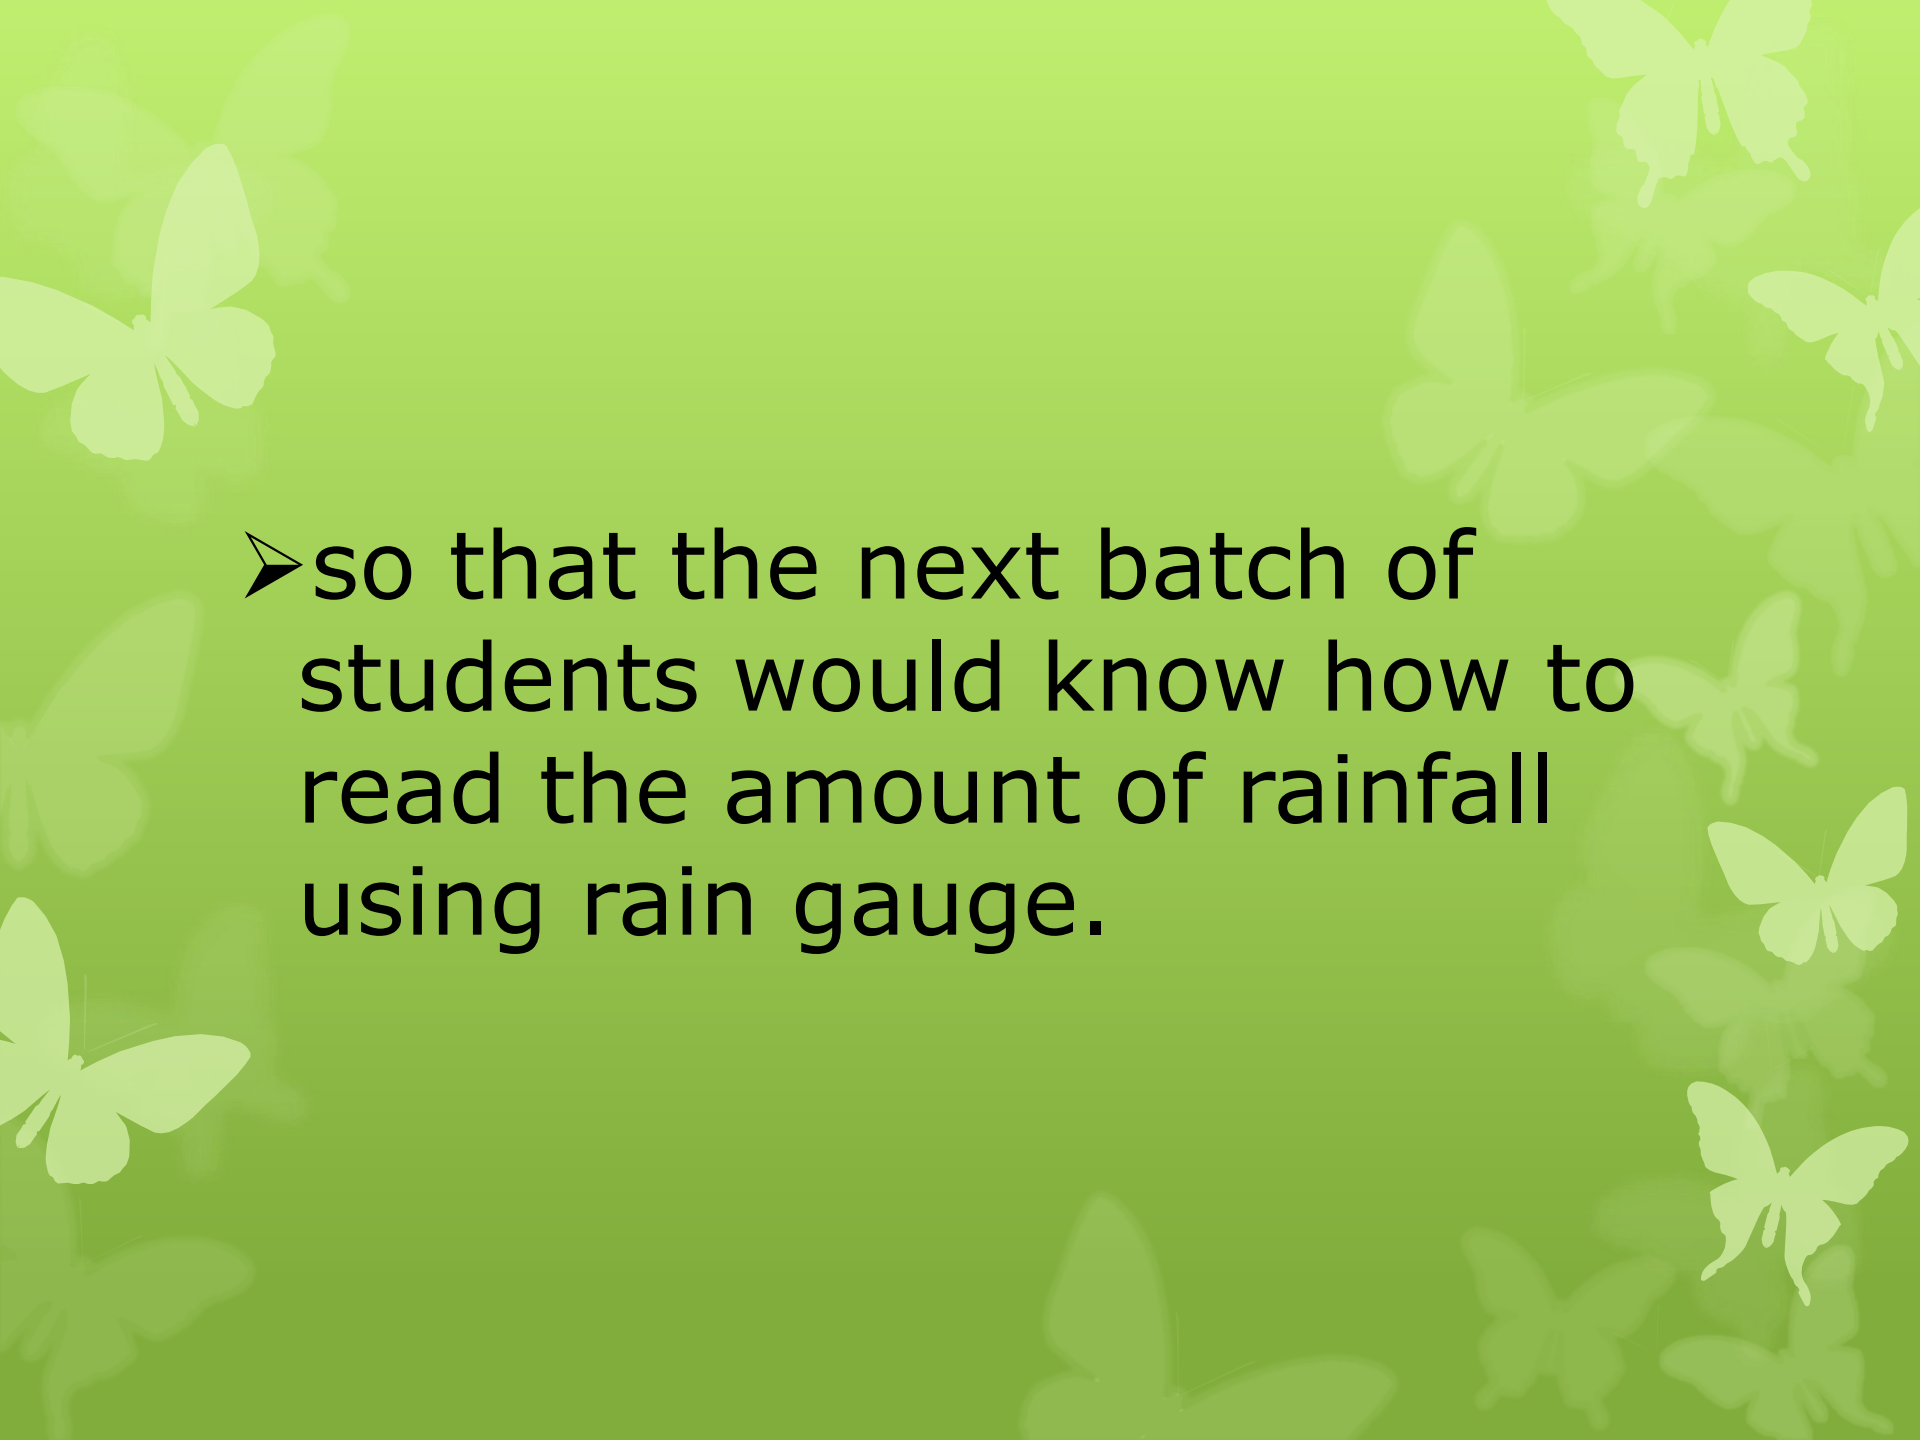

The background is a light green gradient with several white butterfly silhouettes scattered across it. The word "ORIENTATIONS" is centered in a dark green rectangular box with a white outline and a slight shadow effect.

We have oriented students of our school:

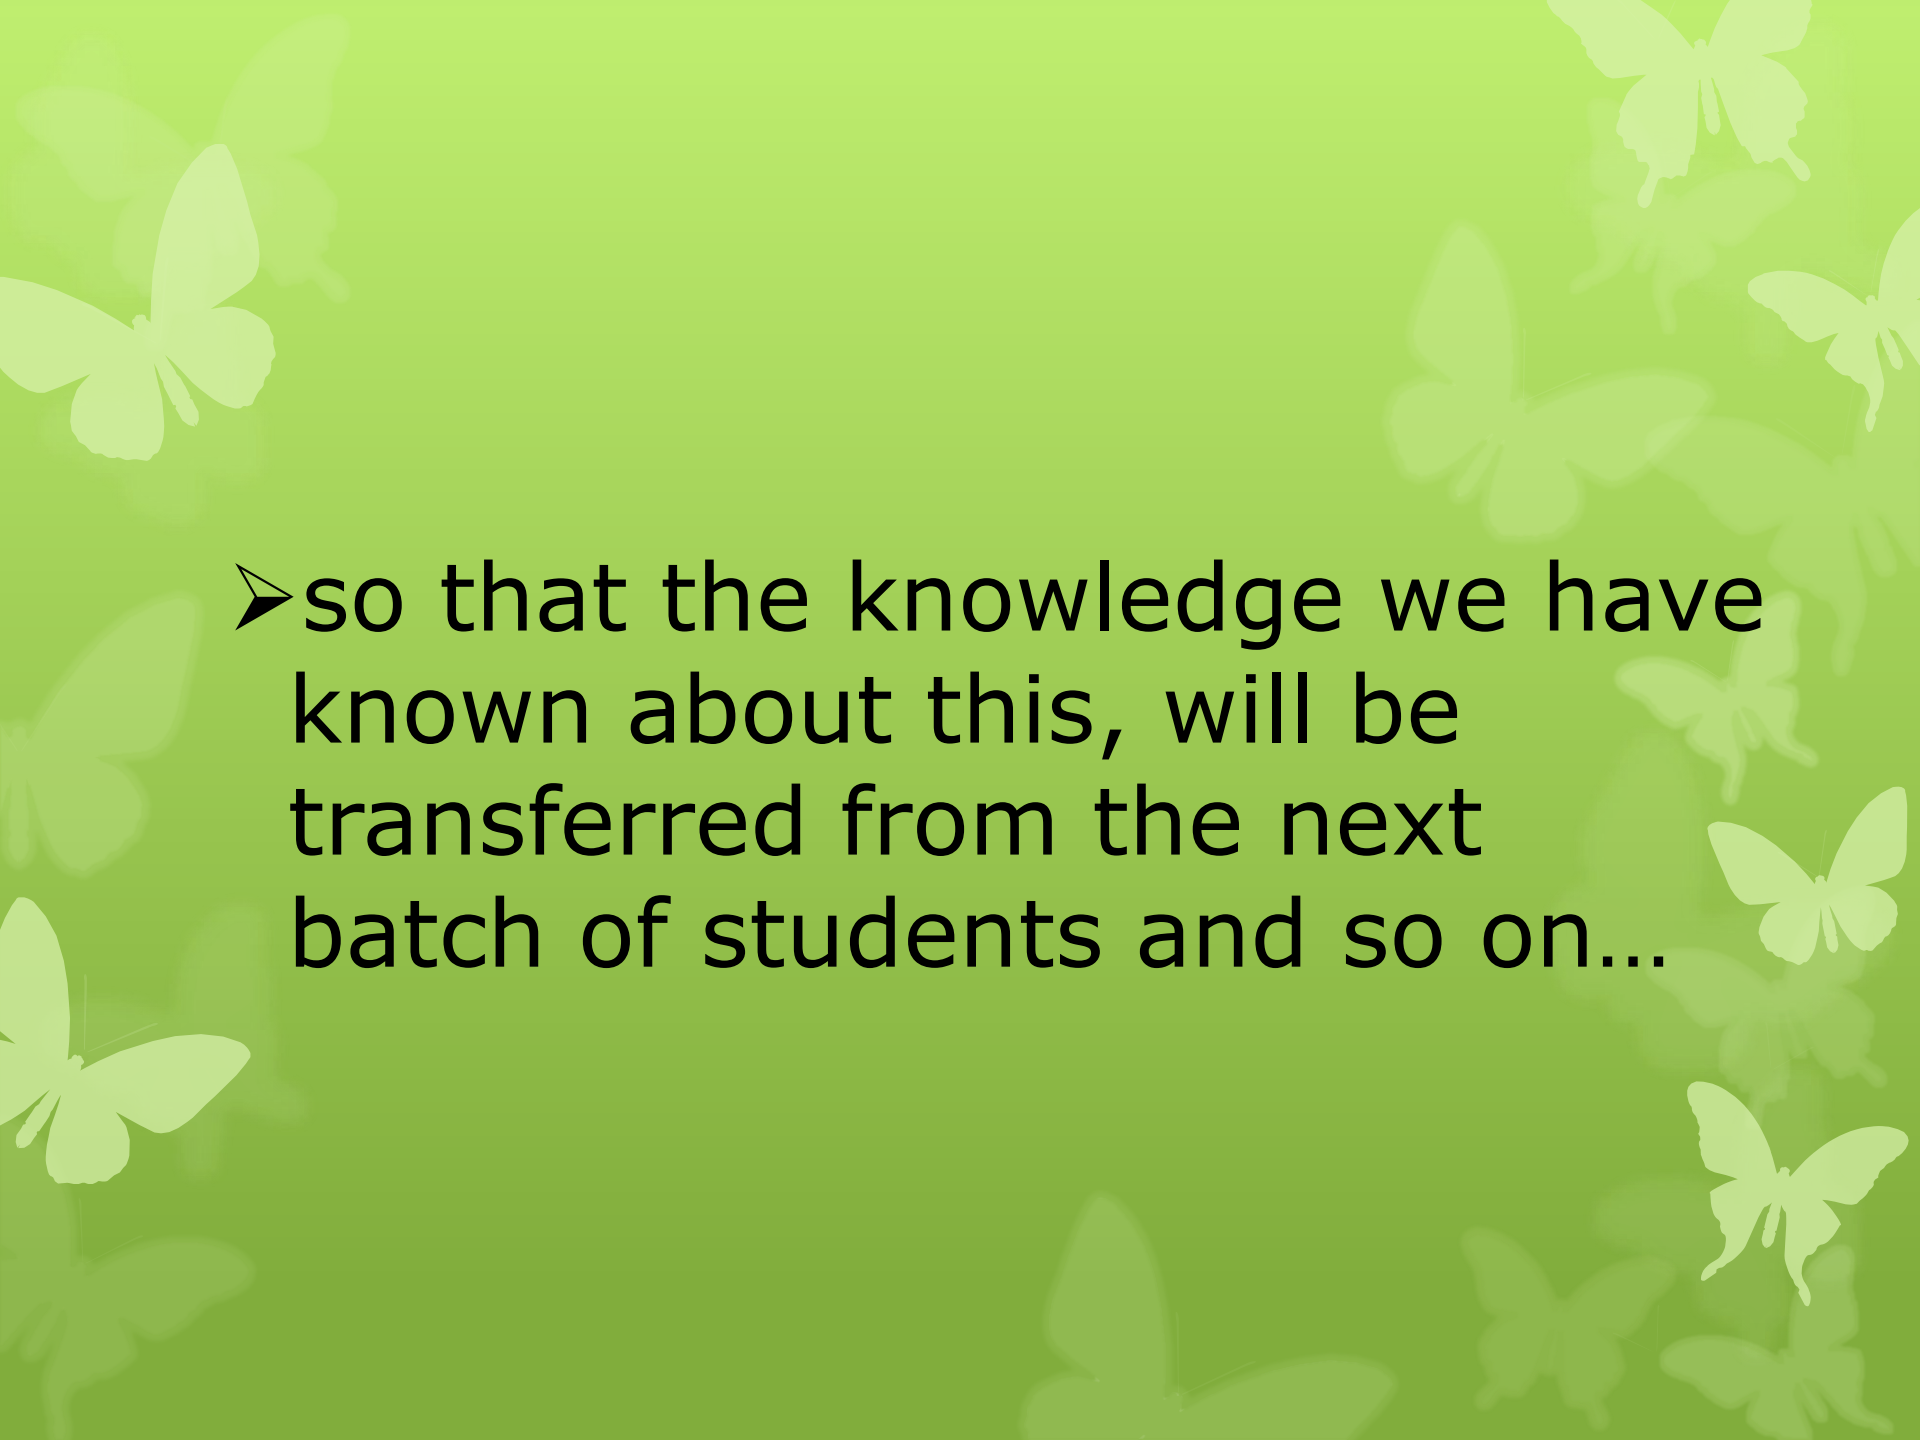

- so that, whenever senior students like us graduated, there will still be students who will be left to handle this kind of activity.

➤ so that, DRTnian students would be aware, what PROJECT SHINE was.

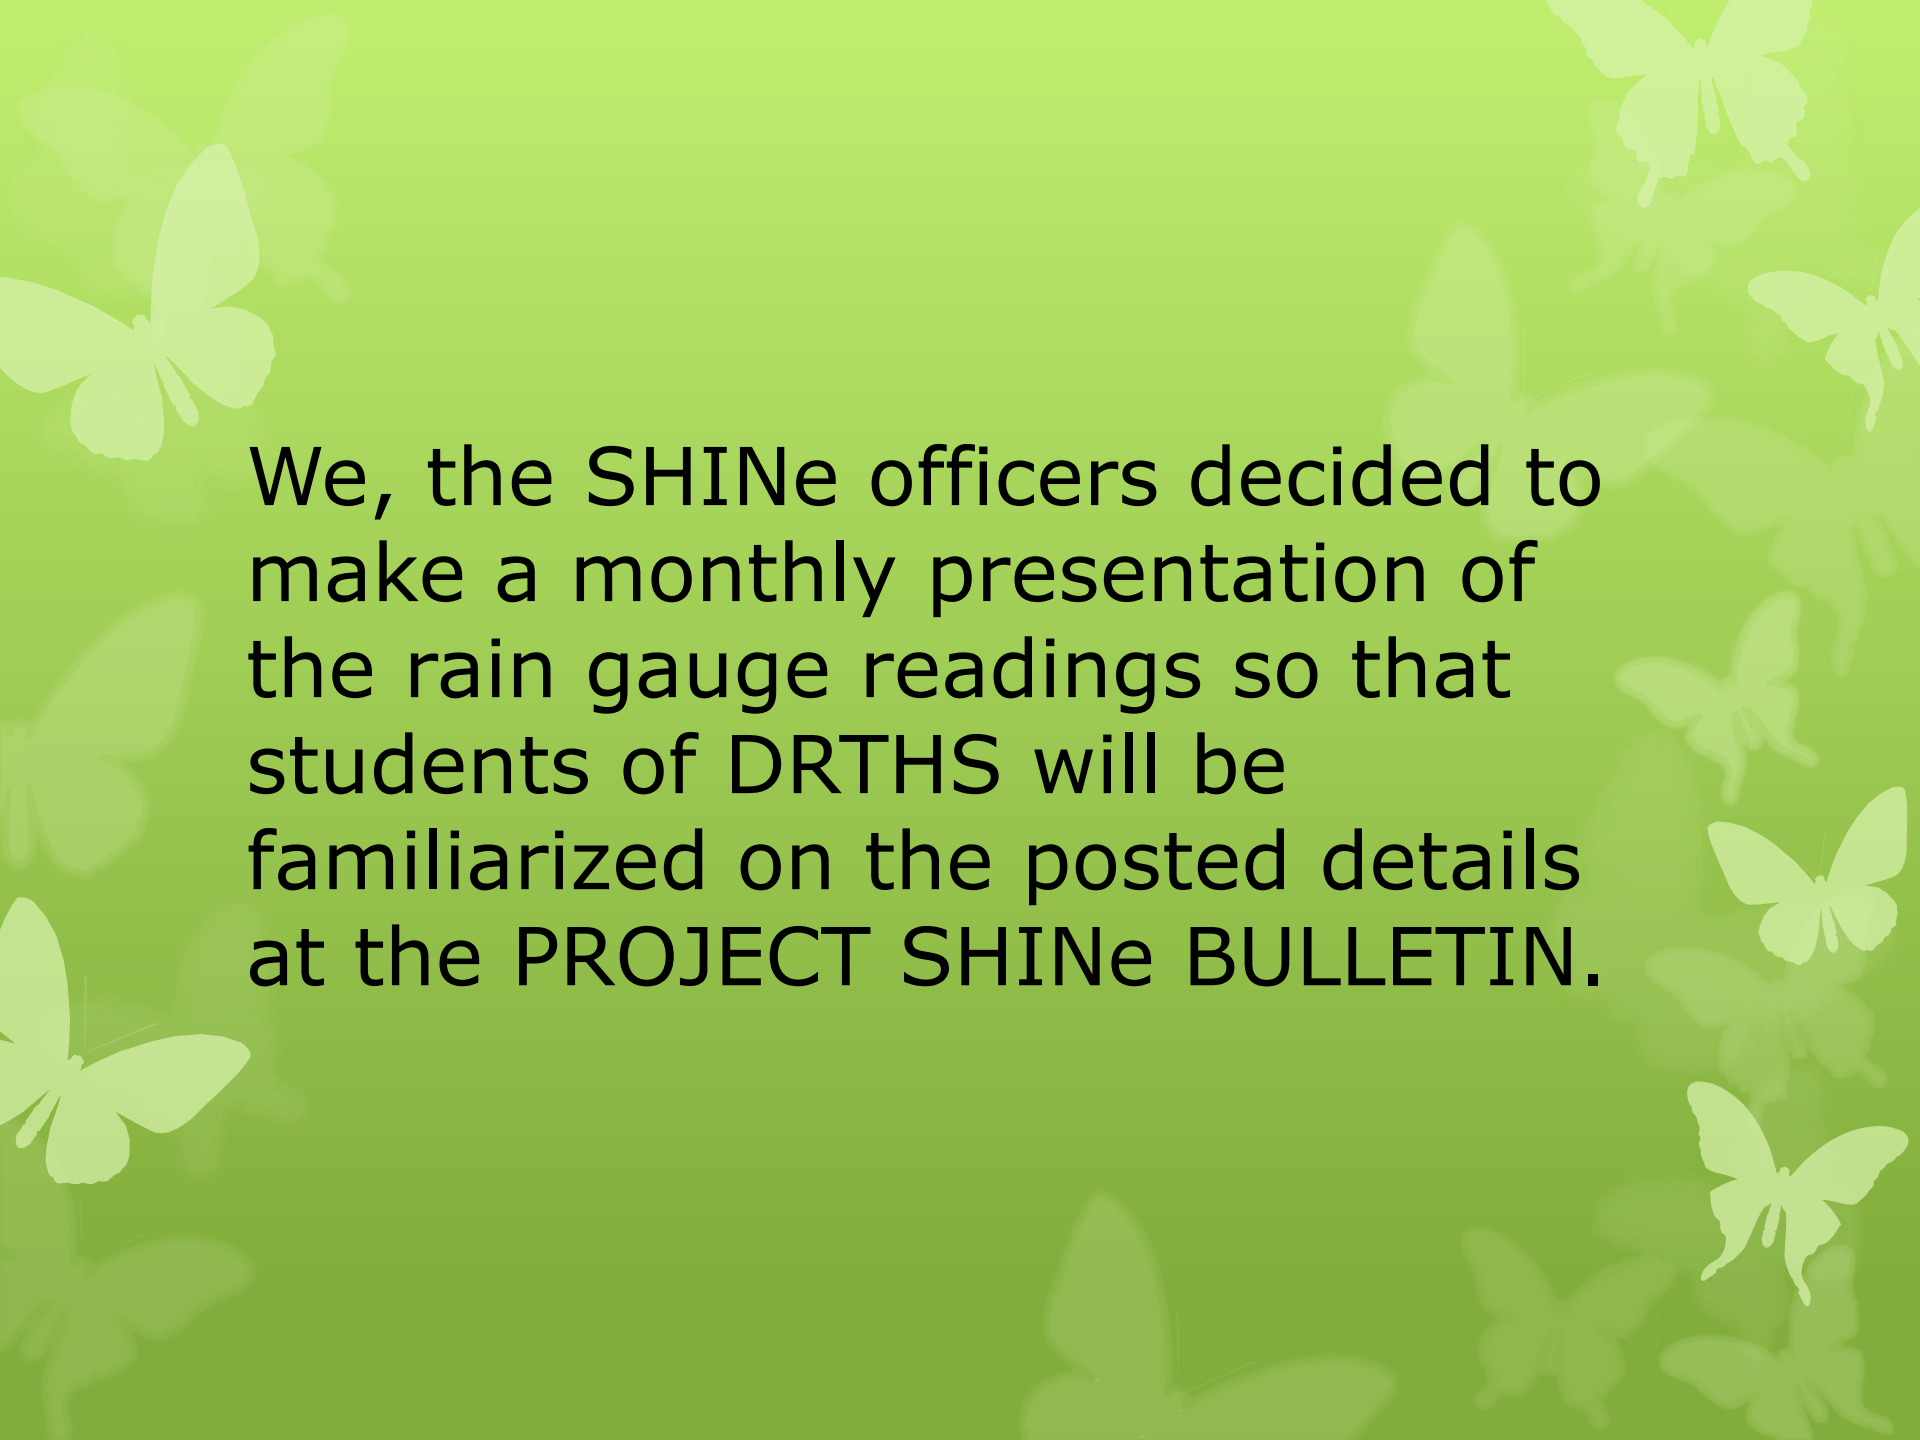

➤ so that the next batch of students would know how to read the amount of rainfall using rain gauge.

➤ so that the knowledge we have known about this, will be transferred from the next batch of students and so on...

The background is a vibrant green gradient, transitioning from a lighter shade at the top to a darker shade at the bottom. Scattered throughout the background are numerous white butterfly silhouettes of various sizes and orientations, some appearing as if they are flying. A central rectangular box with a light green gradient and a thin white border contains the main text.

**MONTHLY
PRESENTATION
OF
READINGS**

We, the SHINe officers decided to make a monthly presentation of the rain gauge readings so that students of DRTHS will be familiarized on the posted details at the PROJECT SHINe BULLETIN.

The background is a light green gradient with several white butterfly silhouettes and faint leaf patterns scattered across it.

IMPROVISED RAIN GAUGES

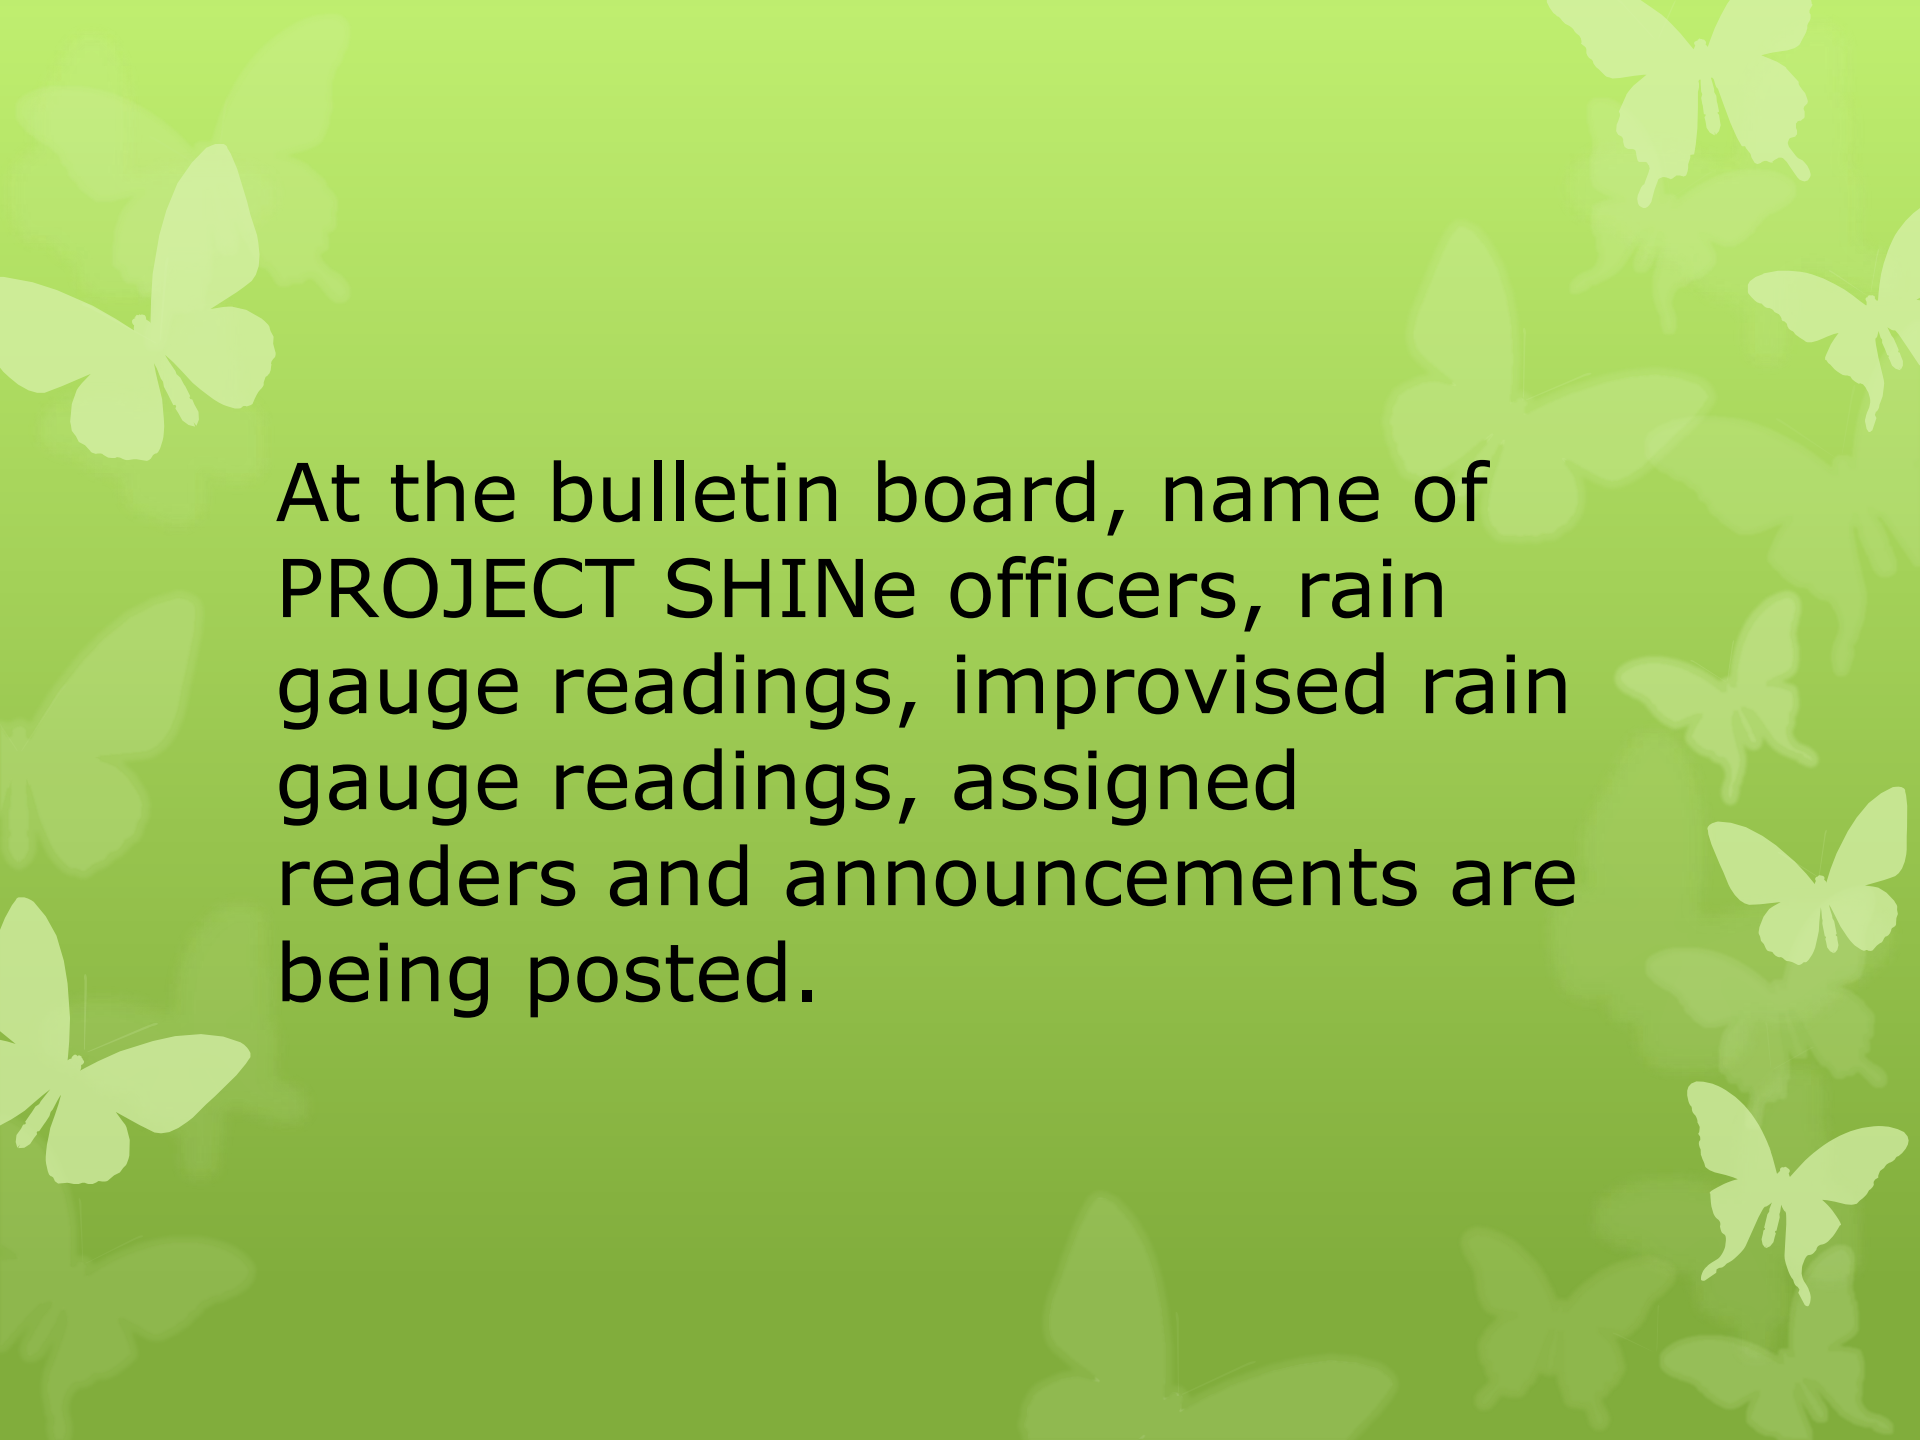

We've made improvised rain gauges. Those were only for comparison, because we are not sure if those were accurate. But as we've compared rain gauge readings to improvised rain gauge readings, we concluded that the readings was close to each other.

The background is a light green gradient with several white butterfly silhouettes scattered across it. In the center, there is a rectangular box with a green gradient and a thin white border. Inside this box, the words "BULLETIN" and "BOARD" are written in a bold, green, sans-serif font with a white outline and a slight drop shadow.

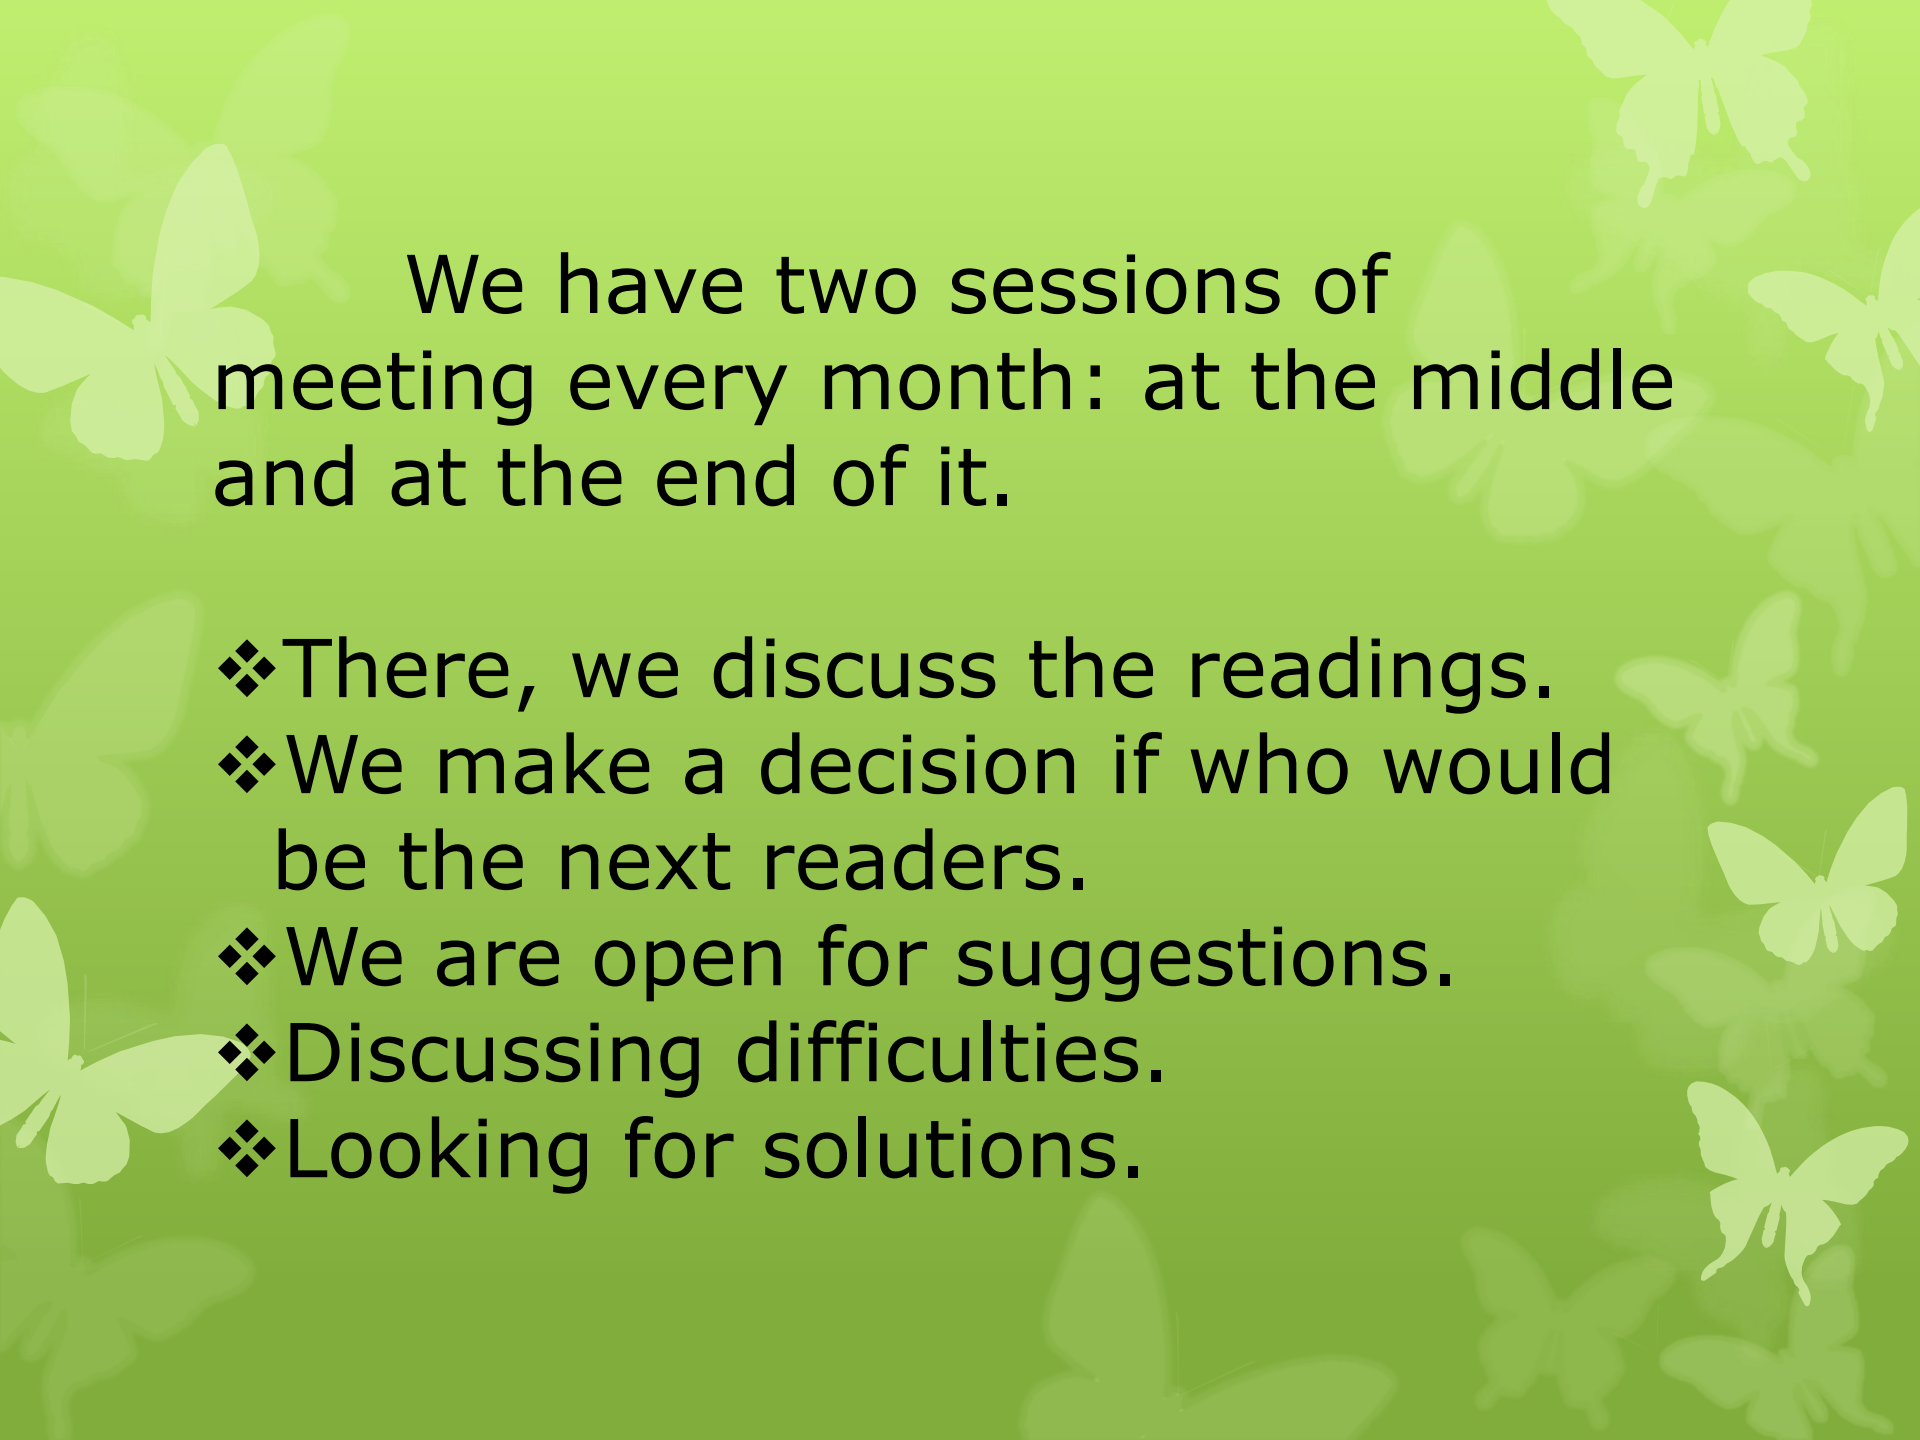

**BULLETIN
BOARD**

At the bulletin board, name of PROJECT SHINE officers, rain gauge readings, improvised rain gauge readings, assigned readers and announcements are being posted.

The background is a light green gradient with several white butterfly silhouettes scattered across it. A central rectangular box with a green gradient and a thin black border contains the text.

OFFICER'S MEETING

We have two sessions of meeting every month: at the middle and at the end of it.

- ❖ There, we discuss the readings.
- ❖ We make a decision if who would be the next readers.
- ❖ We are open for suggestions.
- ❖ Discussing difficulties.
- ❖ Looking for solutions.

OUR ACCOMPLISHMENTS:

- ② ELECTION OF OFFICERS
- ② CONTINUOUS RAIN GAUGE READINGS
- ② ORIENTATIONS
- ② MONTHLY PRESENTATION OF READINGS
- ② IMPROVISED RAIN GAUGES
- ② BULLETIN BOARD
- ② OFFICER'S MEETING

THANK YOU! 😊

- KATRINE JOICE DG. CASINGAL
