**MANDATORY REMINDER FROM CN**

NASA reports that by the next 10 months, earth gets hotter by 4 degrees from now. Himalayan glaciers are melting at rapid rate. Our climate is changing drastically and it's getting worst. We must help fight Global Warming by doing the following steps:

1. Plant more trees.
2. Don't waste water.
3. Use cloth bags and don't burn plastic.

Please copy and paste this in your wall.

**SAVE MOTHER EARTH.** 

**Mobile Uploads**  
Please let us all do the best we can to preserve our mother earth! — with Dennis Alberto.
