

Norzagaray National High School

THIS SCHOOL IS A
ZONE OF PEACE

INTRODUCTION

NORZAGARAY NATIONAL HIGH SCHOOL

The establishment of Norzagaray Municipal High School was originally conceived by the former local officials of Norzagaray, Bulacan led by the then and former Hon. Municipal Mayor Eufemio T. Correa in June, 1968. The local government purchased the building and lot from Mr. and Ms. Celso L. Euterio of the neighboring town of Angat.

Norzagaray Municipal High School is established as a secondary school by virtue of section 2196. Norzagaray High School has been granted fiscal autonomy as per DepEd Regional Memorandum no. 83, s. 2004 dated August 1, 2004 and is hereby authorized to use its present name Norzagaray National High School (NNHS).

NNHS is located along Villarama Highway in Barangay Poblacion, Norzagaray, Bulacan.

The main campus of of the school is situated in a 2,464 sq. m. site with concrete fences. Due to the growing student population NNHS has to expand its campus. NNHSAnnex I is located adjacent to the municipal compound and was constructed in 1997 under the incumbency of Mayor Feliciano Legaspi. As if the number of rooms was not enough NNHS has to request for additional classrooms, thus another building was built, the NNHS Annex II.

Achievements and Accomplishments

**Bulacan SHINe
awareness among
the students
through :**

1.1 Integration to the lesson specially to MAPEH and Science subjects.

1.2 Meetings and symposium (target levels: Grade 7 through Fourth year)

1.3 Linking to other clubs in the school regarding cleanliness.

BENEFITS GAINED

1. Every student becomes aware of the surroundings.
2. The student develops personal accountability especially in terms of garbage disposal.
3. To plant trees turns into a mission in order to save mother nature.
4. Planting and eating vegetables becomes a healthy habit.
5. Awareness becomes contagious and everyone becomes vigilant, health conscious and environment-friendly.

Our plans for :

1. The school
2. The community

What to do in case of emergency?

(NORZAGARAY CHAPTER)

WHAT TO DO, IN CASE OF EMERGENCY?

Fire (Sunog)

Before (Bago)
 May malaking ugap sa paglalaran ng fire and fire. (Maraming maraming kung nakatutaling alam.)
 Tingnan ang sikat ng mga abuhanan maraming gamit.

During (Dahilang)
 Kung may abuhanan, tumalon sa ugap.
 Kung may abuhanan sa kanyang ugap, tumalon sa kanyang abuhanan.
 Kung may abuhanan sa kanyang ugap, tumalon sa kanyang abuhanan.

After (Pagkatapos)
 Tingnan ang...
 Kung nakatutaling, tumalon ugap ang abuhanan.
 Tumalon ang mga abuhanan sa...

Earthquake (Linao)

Before (Bago)
 Pagpapaligay maraming sa maraming ugap before.
 Maraming ugap before sa kanyang abuhanan.
 Maraming ugap before sa kanyang abuhanan ng fire and fire.

During (Dahilang)
 Tumalon ng kanyang mga abuhanan ng kanyang kanyang ugap.
 Kung may abuhanan sa kanyang kanyang abuhanan, tumalon sa kanyang abuhanan, after.

After (Pagkatapos)
 Tingnan ang mga abuhanan sa...
 Kung nakatutaling, tumalon ugap ang abuhanan.
 Tumalon sa kanyang abuhanan ng kanyang abuhanan.

Typhoon (Bagyo)

Before (Bago)
 Maraming ugap sa kanyang abuhanan ng kanyang abuhanan.
 Pagpapaligay maraming sa maraming ugap before.
 Maraming ugap before sa kanyang abuhanan ng fire and fire.

During (Dahilang)
 Tumalon ng kanyang abuhanan ng kanyang abuhanan.
 Kung may abuhanan sa kanyang kanyang abuhanan, tumalon sa kanyang abuhanan, after.

After (Pagkatapos)
 Tingnan ang mga abuhanan sa...
 Kung nakatutaling, tumalon ugap ang abuhanan.
 Tumalon sa kanyang abuhanan ng kanyang abuhanan.

Flood (Baha)

Before (Bago)
 Tumalon sa kanyang abuhanan ng kanyang abuhanan.
 Kung may abuhanan sa kanyang kanyang abuhanan, tumalon sa kanyang abuhanan, after.

During (Dahilang)
 Tumalon ng kanyang abuhanan ng kanyang abuhanan.
 Kung may abuhanan sa kanyang kanyang abuhanan, tumalon sa kanyang abuhanan, after.

After (Pagkatapos)
 Tingnan ang mga abuhanan sa...
 Kung nakatutaling, tumalon ugap ang abuhanan.
 Tumalon sa kanyang abuhanan ng kanyang abuhanan.

CLIMATE CHANGE & YOU

WHAT IS CLIMATE CHANGE?

Climate change is the alteration of global weather conditions brought about by natural and man-made causes. More violent typhoons, very heavy rains, floods and droughts are some recent manifestations of climate change.

WHAT IS GLOBAL WARMING?

The sun provides the earth with warmth from sunlight. Too much sunlight, however, is harmful and it is our atmosphere that protects us from damage.

The atmosphere is a delicate balance of oxygen, nitrogen and the so-called greenhouse gases such as carbon dioxide. Today, man's demand for energy from burning fossil fuels has introduced so much CO₂ into the air that this balance has been upset. With less protection from the sun's harmful rays, our climate has become warmer leading to changes in the earth's natural weather patterns.

SUN

GLOBAL WARMING

WHAT CAN WE DO?

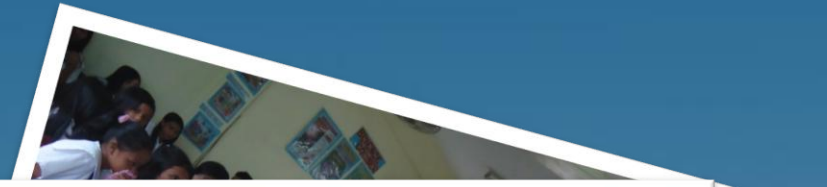

Energy is used in factories to make everyday products. The more products we consume, the more energy is used. More fuel is burned and more CO₂ goes into the air resulting in climate change.

We can do our share in lessening climate change by using more power sources and technologies that produce less greenhouse gases. We must adjust our lifestyles and learn to live using less energy.

RIGHT NOW!

Fire (sunog)

Before:

Tanggalin ang saksak ng mga appliances matapos gamitin.

Mag-imbak ng sapat na pagkain at maghanda ng first aid kit.

Huwag hayaang may nakasinding apoy.

During:

Kung nasa bahay lumabas na agad.

Huwag magpanik at tumawag agad sa mga kinauukulan.

Kung may makapal na usok balutan agad ang sarili ng basang tuwalya.

After:

Maglinis na.

Kung nakulong, hanapin agad ang daan palabas.

Alamin kung may maisasalba pa.

EARTHQUAKE (LINDOL)

Before:

Mag-imbak ng sapat na pagkain at maghanda ng first aid kit.

Siguraduhing matatag at matibay ang bahay.

Alamin na ang ligtas na lugar sa iyong bahay..

During:

Kung kaya ay pumunta na sa isang lugar na malawak malayo sa poste, puno atbp.

Huwag mag panic.

Takpan ng iyong kamay at braso ang iyong ulo.

After:

Alamin kung may maisasalba pa.

Kung nakulong, hanapin agad ang daan palabas.

Linisin na ang paligid at maging alerto.

Flood (baha)

Before:

Mag-imbak ng sapat na pagkain at maghanda ng first aid kit.

Pumunta sa isang mataas na lugar.

Patayin ang switch ng mga kasangkapang de-kuryente.

During:

Magpakulo ng tubig-inumin.

Umiwas sa mga tubig baha.

Lumikas na agad.

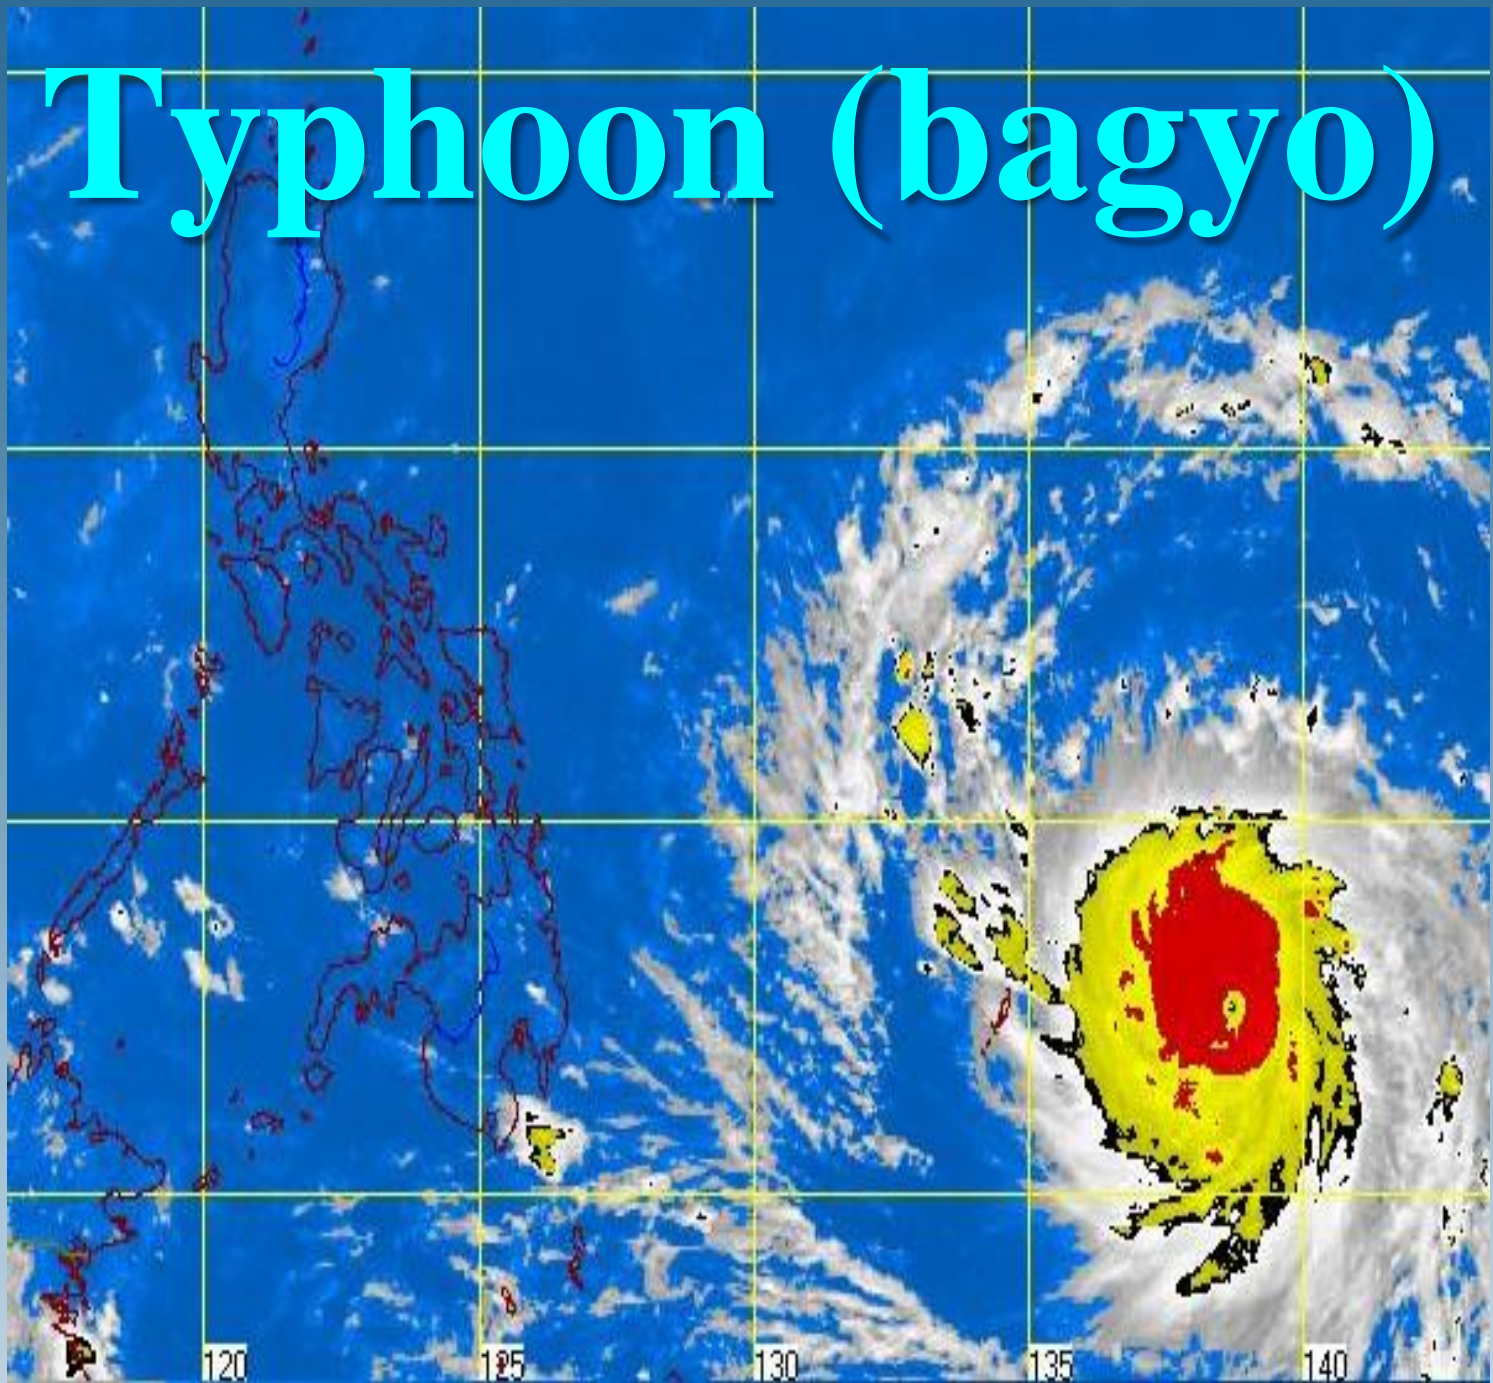

After:

Pakuluan ang tubig na iinumín.

Huwag kainin ang mga pagkaing nadikit sa baha.

Linisin na at patuyuin ang mga bagay na inabot ng baha.

Typhoon (bagyo)

Before:

Mag-imbak ng sapat na pagkain at maghanda ng first aid kit.

Making sa radyo o telebisyon.

Siguraduhing matatag at matibay ang bahay.

During:

Iwasan na ang pagbiyahe.

Abangan ang ulat ng PAG-ASA tuwing ika 4 o 6 na oras.

After:

Makinig pa rin ng balita tungkol sa bagyo.

Linisin ang kalat na naiwan ng nagdaang bagyo.

Kumpunihin na ang mga naiwang pinsala.

**Here in SHINe
Norzagaray Chapter,
we aim to be of
service to our
community and
become responsible and
productive citizens of
our country.**

**THANK YOU
GOOD DAY!**
