

The image shows a large, multi-story school building with a prominent green metal roof. The building has a light-colored facade and a covered walkway on the upper level. In the foreground, there is a courtyard area with a small, thatched-roof structure, possibly a shrine or a traditional building, surrounded by plants and colorful decorations. The text "Norzagaray National High School" is overlaid in the center of the image in a large, white, outlined font.

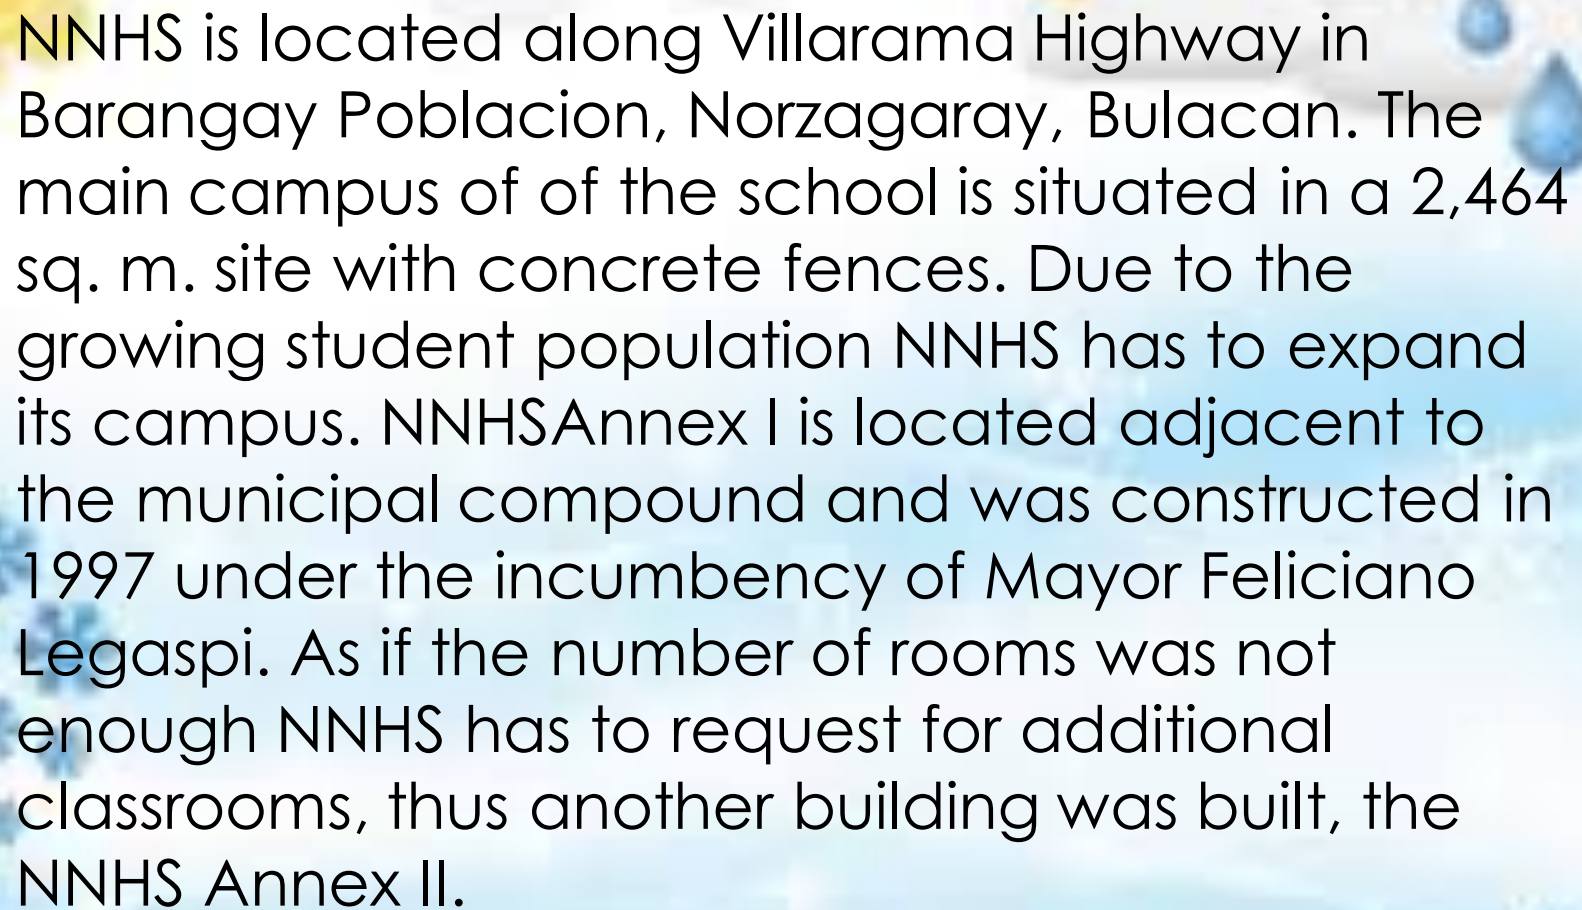

Norzagaray National High School

INTRODUCTION

NORZAGARAY NATIONAL HIGH SCHOOL

The establishment of Norzagaray Municipal High School was originally conceived by the former local official of Norzagaray, Bulacan led by the then and former Hon. Municipal Mayor Eufemio T. Correa in June, 1968. The Local Government purchased the building and lot from Mr. and Mrs. Celso L. Euterio of the neighboring town of Angat.

Norzagaray Municipal High School is established as a secondary school by virtue of section 2196. Norzagaray High School has been granted fiscal autonomy as per DepEd Regional Memorandum No. 83, s. 2004 dated as August 1, 2004 as hereby authorized to use it's present name Norzagaray National High School (NNHS).

NNHS is located along Villarama Highway in Barangay Poblacion, Norzagaray, Bulacan. The main campus of the school is situated in a 2,464 sq. m. site with concrete fences. Due to the growing student population NNHS has to expand its campus. NNHS Annex I is located adjacent to the municipal compound and was constructed in 1997 under the incumbency of Mayor Feliciano Legaspi. As if the number of rooms was not enough NNHS has to request for additional classrooms, thus another building was built, the NNHS Annex II.

PROTOTYPE

The image displays three overlapping spreadsheets, likely prototypes for a weather-related application. The background features a bright sun in the top left, a white cloud with three blue raindrops in the top right, and a blue lightning bolt in the bottom left. The spreadsheets are tilted and contain various data tables and headers.

Top-Left Spreadsheet: Titled "Monthly Data Sheet" and "Kendall's MEDICAL - BILACORON". It features a grid with columns for months (3, 4, 5, 6, 7, 8, 9, 10, 11, 12) and rows for various categories. The data is organized into a structured grid.

Top-Right Spreadsheet: Titled "Monthly Data Sheet" and "Kendall's MEDICAL - BILACORON". It includes a grid with columns for months (3, 4, 5, 6, 7, 8, 9, 10, 11, 12) and rows for various categories. The data is organized into a structured grid.

Bottom Spreadsheet: Titled "Monthly Data Sheet" and "Kendall's MEDICAL - BILACORON". It includes a grid with columns for months (3, 4, 5, 6, 7, 8, 9, 10, 11, 12) and rows for various categories. The data is organized into a structured grid.

The background is a vibrant, stylized illustration of a sky. It features a bright yellow sun in the top left corner, white fluffy clouds scattered across the top, and blue raindrops falling from a cloud on the right. In the bottom left, there are blue snowflakes and a yellow lightning bolt. The bottom right corner shows a sun partially obscured by clouds, with more snowflakes and raindrops. The overall color palette is bright and cheerful, with a mix of yellow, white, blue, and light blue.
