The History

School Hydrological Information Network (SHINe)

**San Rafael National Trade School
(SRNTS) SHINe Program started last
June 22, 2011 (2nd Implementation in
the Province of Bulacan) by the
supervision of Mrs. Queenmarisa
Infantado, Ms. Mery Rose Matic and
Mrs. Odette Espiridion, SRNTS SHINe
coordinators.**

School Hydrological Information Network (SHINe)

2011-2012

The first year of implementation of the SHINe Program in SRNTS was led by the SHINe elected president, Ms. Ella Cecille Infantado, with the help of SHINe Officers.

They started to monitor the amount of rainfall using both the installed and prototype rain gauge.

School Hydrological Information Network (SHINe)

2012-2013

In the second year of SHINe Program, Ms. Ella Cecille Infantado continued her vision in promoting the SHINe in SRNTS.

With the help of the officers, they conducted some activities like clean and green project and Logo making contest

School **H**ydrological **I**nformation **N**etwork (**SHINe**)

They also made the SHINe Bulletin Board and continuously monitored the amount of rain using both the installed and prototype rain gauge.
